

CITY ORDINANCES & RULES YOU SHOULD KNOW

We all have different expectations of our neighbors. For some of us, a good neighbor is one who takes time for a chat across the fence, or who helps with the chores when a neighbor is ill. For others, a good neighbor is one who leaves us alone.

Although we may not agree on all the fine points of neighborliness, we do tend to agree on certain basic standards which allow residents to enjoy their homes and property, preserve peace and quiet in our neighborhoods, help maintain property values, and prevent disputes among neighbors.

The people of the City of Rochester Hills, through their elected representatives, have enacted these standards into law. Some of the “good neighbor ordinances” are described in this booklet, and taken from relevant sections of the Codified Ordinances of Rochester Hills. Check with your local city office or Sheriff’s Department for additional information. It is important to understand that in many instances, ordinance violations, which occur, **may not** result in a citation unless the person who observes the violation is willing to sign the ticket. This is due to constraints placed on ordinance officers and law enforcement that require them to personally observe the actual violation before issuing a citation. In some cases, even if the complaint is observed by ordinance or law enforcement officers, it will still be necessary for the complainant to sign the citation.

Please note that the ordinances in this guide were effective as of the date listed on the front cover and may be added to or amended by vote of City Council.

Remember, when you follow these simple rules, you are not only obeying the law – you’re being a good neighbor!

Home Safety

E.D.I.T.H. – Exit Drills in the home. Draw a floor plan of your home, marking two exits from each room. Pick a safe meeting spot in front of your house, so that everyone can meet there when they've escaped. Call the fire department from a neighbor's home. **Remember: A plan is of no use if it is not practiced.**

CRAWL LOW UNDER SMOKE – Smoke and heat rise, so during a fire the cooler, cleaner air is near the floor. If you have to escape through smoke, remember to crawl on your hands and knees with your head 1 to 2 feet above the floor.

SMOKER'S SAFETY – Smoking materials are the number one cause of fatal fires in the home. Don't smoke in bed or when you are drowsy. Have large, deep, non-tip ashtrays for smokers.

FOR FURTHER INFORMATION REGARDING HOME SAFETY PLEASE CONTACT THE ROCHESTER HILLS FIRE DEPARTMENT AT (248) 841-2705.

Smoke Alarms

The National Fire Protection Association recommends that smoke alarms should be installed on every floor of your home, including the basement and outside each sleeping area. And if you sleep with your bedroom door closed, you should have one in your room. **But remember**, smoke alarm can only save your life if it is working. Test alarms every month, replace batteries when needed and replace smoke alarms that are 10 years or older.

House Numbering

Proper placement of your home's address can save precious minutes in an emergency. City ordinance requires that street address numbers shall be at least three (3) inches in height and made of durable and clearly visible material. Your address should be located where it can be seen easily by police, fire and ambulance personnel, from the road.
